

Atlas Copco Aftermarket products

Overhaul kits COP[®] 1838ME

Main features

- These kits contain all parts needed for making service and overhaul of your rock drill COP 1838ME as per factory recommendation.
- With these kits you will bring your rock drill back to factory specifications, and optimize your production in an ergonomical way.
- The parts are contained in a solid wooden box, for shipping and handling at the job site.
- One part number for easier order handling and logistics.
- The kits also includes the overhauling instructions and spare parts list which you need for overhauling COP 1838ME.
- The price is most competitive compared to buying individual items.
